## About this Policy

---

1. This policy aims to ensure that the College's fee strategy and fee setting structure is transparent and equitable.
2. It provides information and guidelines for setting, collection and amending fees so that responsibilities and obligations of those paying and collecting fees are clear and unambiguous.
3. The College supports and follows guiding principles set out by the Education and Skills Funding Agency (ESFA), the Mayor of London Greater London Authority (GLA), Higher Education Funding Council of England (HEFCE), the Student Loans Company (SLC) and Student Finance England (SFE).
4. The College reviews its tuition, assessment and material fees each year in conjunction with local labour market intelligence, local authority strategies and the aims of the centralised government agencies through which funding and financial support is provided.
5. The College, through its fee structure and provision of financial support, strives to be as inclusive, fair and as transparent as possible.
6. The College aims to provide accurate, current advice and guidance in relation to the fees, the circumstances whereby the education provided will be free and the financial assistance that may be available if required.
7. The College will not devise or be prescriptive in an individual's financial plans which will always be the sole responsibility of the individual.

## International Students

---

8. Capel Manor College is not approved to provide sponsorship to international students. Under limited circumstances, where an individual has the right to live, work and/or study in England without the support or sponsorship of the College, but is not entitled to government funding to support their studies, they will be required to pay the International Fee.

26. Please see Appendix 2: Guide to Determining if a Fee is to be paid or a loan taken out.
27. To decide whether a fee is payable or not the College must rely on the information provided by the learner and, therefore, it is the learner's responsibility to ensure that the information provided is as accurate and complete as possible.
28. The decision to charge a fee will be made before the course starts and will not change even if the learner's personal circumstances change once the course has begun.

42. On those rare occasions where the maximum loan value may not cover the full cost of the course the total fee value including exam fee and materials must still be paid to the College.

46. The Student Loan Company will write off the loan for an Access to HE Diploma when the individual completes the course and progresses onto a Student Finance England funded HE course.
47. Before applying for a loan, it is important that a learner considers their own circumstances and all available options for paying for a course. This is not the responsibility of the College.
48. If you wish to apply for a loan the College will provide you with a Learning and Funding Information Letter (LAFIL) to help you make your application.

## Paying by Instalments

---

49. The College offers learners the option to pay fees totalling £500 or more in up to 4 separate instalments. The offer of an instalment plan is made at the discretion of the Director of Admissions, and subject to continued prompt payment of the amount due for each instalment.

58. A full refund of Tuition, Registration, Exam and or Materials fee will be made in the event that a learner cancels their enrolment to a course within 14 days of enrolling and paying their fees, and has not attended any classes.
59. Any request for a refund of tuition fees, where 14 days have passed, or following attendance to classes, will be made at the discretion of the Director of Admissions, and only on the basis of individual financial hardship or other extenuating circumstances.
60. Discretionary refunds will only be made for the tuition fees paid at the point of withdrawal from the course and will follow the below payment schedule:
  - 40% refund payable for students who withdraw within 10 weeks of starting the course.
