- plant propagation and nursery production
- retail horticulture in garden centres
- scientific research
- social and therapeutic horticulture
- sports turf: managing and maintaining sports grounds (for example football, rugby, cricket, tennis)
- teacher

## APPRENTICESHIPS

If you are looking to start work, earn money and gain a nationally recognised qualification then an apprenticeship is for you. We offer the following apprenticeships:

- arborist
- environmental conservation
- floristry
- horticulture / landscaping

By combining qualifications with work you will develop the practical skills needed for a successful career and get a fantastic head start in your chosen industry!

## FOUNDATION LEARNING

A transition year that prepares students to succeed. Our courses offer:

- higher levels of individually focused support
- development of personal, social and employability skills
- practical and hands-on experience in a range of land based activities.

More than 80% of our students stay at Capel and progress onto one of our vocational pathways.

## HIGHER EDUCATION

We have launched a new Level 4 Higher Diploma in Floristry and a range of Foundation Degrees in partnership with the prestigious Royal Agricultural University in:

- Animal Management and Zoological Studies
- Garden Design and Plantsmanship
- Urban Green Space Management (Horticulture)

## SADDLERY

We are the only college in the country to run a full-time saddlery course. On our Worshipful Company of Cordwainers' Diploma in Saddle, Harness and Bridle Making you will learn traditional English saddlery skills.

## SHOEMAKING

We are excited to introduce our new Shoemaking Advanced Diploma (Level 3). The course offers a unique introduction to the industry and an opportunity to learn all aspects of footwear pattern-cutting and making.

Capel Manor College provides outstanding and inspirational land based learning opportunities across the Greater London region.

# WHY CAPEL?

As a Capel student you will have an opportunity to gain nationally and internationally recognised qualifications and the prospect of progressing to further study, university, employment or starting your own business venture whilst learning in a unique and supportive college. Capel is unique because it combines academic excellence with practical skills in a first-class professional environment.
